

# Eckling Grange in Partnership with The Prince's Trust Team Programme and Norfolk Fire & Rescue Service

Eckling Grange was chosen in October 2017 by the Prince's Trust Team Programme as the venue for their next project. The team put together a project to develop the area outside of the Sun Lounge, to give it a face lift and make it more interesting for the residents.

They put together a plan, which included fund raising, so they would be able to purchase the necessary equipment. After some preparation the team moved on site from the 23<sup>rd</sup> October and spent a week working on their plans. The team also spent time each day with the residents and they enjoyed dining together which the residents particularly loved.

On behalf of all the Residents and Trustees at Eckling Grange, we want to say a massive thank you to Andrew, Ashleigh, Brooklyn, Craig, Jack, Kieran, Winston, Alice and Kirstie. Also thank you to Team Leaders Chantelle and Neil.
